

HEAVY LIFTING PENNANT FLAGS SINGLE USE

HEAVY LIFT PENNANTS ARE REQUIRED WHEN LIFTING LOADS CLASSED AS “HEAVY”, OR 7,000KG AND ABOVE.

Heavy Lift Pennants are used in conjunction with the crane lifting the load, to indicate and identify that the load being lifted is heavy. This is a lower cost single-use option, which can be fixed in place using a self-adhesive strip.

You won't find a better quality pennant on the market.

SPECIFICATION:

- Material: Polypropylene
- Supplied with a Declaration of Conformity

KEY FEATURES:

- High visibility material
- Meets all safety regulations
- Secured safely using a self-adhesive strip

ADVANTAGES:

- Lightweight yet robust material
- Easily identifiable lettering
- High quality print

CERTIFICATION:

- Supplied with Declaration of Conformity to all relevant standards

WARRANTY:

- All products are supplied with a standard 12 months warranty which is activated upon online registration. For full warranty terms and conditions please visit our website
