SPECIFICATION:

- Suitable for all containers with 75mm to 190mm-wide top section rail
- Lightweight aluminium easily lifted and used by one person
- Two hand-operated adjusters are screwed onto the top rail section of the basket or half-height, to provide a secure lock for the ladder

KEY FEATURES:

- One-piece access/egress solution for safely getting in and out of half-height containers, baskets & skips
- Suitable for most types of half-height containers
- Checkered material on step for maximum grip
- Handle on left side for use when in operation
- Easily adjusted threaded securing tighteners, to minimise movement during use

ADVANTAGES:

- Lightweight aluminium construction
- Easily lifted by one person

CERTIFICATION:

- Supplied with Declaration of Conformity to all relevant standards

WARRANTY:

- All products are supplied with a standard 12 months warranty which is activated upon online registration. For full warranty terms and conditions please visit our website
